Please cancel paragraph [0049]:

5 | ~~[0049] Any advantages and benefits described may not apply to all embodiments of the  
invention. When the word "means" is recited in a claim element, Applicant intends for  
the claim element to fall under 35 USC Sect. 112, paragraph 6. Often a label of one or  
more words precedes the word "means". The word or words preceding the word "means"  
is a label intended to ease referencing of claims elements and is not intended to convey a  
10 | structural limitation. Such means plus function claims are intended to cover not only the  
structures described herein for performing the function and their structural equivalents,  
but also equivalent structures. For example, although a nail and a screw have different  
structures, they are equivalent structures since they both perform the function of  
fastening. Claims that do not use the word "means" are not intended to fall under 35 USC  
15 | Sect. 112, paragraph 6. Signals are typically electronic signals, but may be optical signals
